

Excellence in Education Student Recognition Criteria

Date Due: March 7, 2023

The Student Recognition Program has been created to recognize those seniors, in each high school, for their achievements in the categories listed below.

Recognizing that each school may have more students worthy of recognition in a specific category, the submission of each school's student list does not require nominations in all categories. When considering a student for submission, think out of the box as to special accomplishments and not just academic standing.

The Erath County United Way recognizes that some students have participated in activities that have brought significant honor to them, to their school or their community and it is the purpose of this event to shine a special light on those accomplishments.

* Students *will not* be considered for duplicate categories.

* All applications must be submitted no later than March 7, 2023.

All nominations and scholarship submissions including essays must be typewritten and must address all essay questions. Category criteria for consideration but not limited to the following:
